### **Personal Information**

I grew up in Chicago moved to Bloomingdale in 1976 with my parents, Ted and Josephine Dabrowski, we settled in Bloomingdale, where my parents and I still reside. My family soon found St. Isidore Parish where we became parishioners and have continued for over 30 years. I attended and graduated from Lake Park High School in 1979. Once moving out of my parent's home, I purchased and moved into the Fairfield Quads in Bloomingdale, where I resided for about 16 years, from there I moved back into the neighborhood that I grew up in, Indian Lakes which has been my home for the past 32 years. Once I graduated from High School I attended Washburn and became a licensed electrician, which I actively made my living in all the while joining different Civic groups and volunteering anywhere I could. In my spare time I enjoy going to dinner with friends, golfing, traveling and cooking for family and friends.
